

With a new year quickly approaching, we invite you to participate in our Year End Appeal. You've been there with us in years past and we are asking you to *Work Together with HFI* again to ensure our continued success for many years to come.

Work Together with HFI means that we will continue to provide engaging educational lessons highlighting the diverse people that lived and worked in our village and the surrounding region. It means that we will plan for the continued preservation of the centuries-old buildings and artifacts entrusted to our care using the best possible methods. In doing so, we will connect the people of the past to our modern lives in tangible ways.

As Helen Keller once stated, "Alone, we can do so little; together, we can do so much."

We embrace this sentiment in all that we do and hope it inspires you to *Work Together with HFI* by contributing to our Year End Appeal. Every gift helps and each one is deeply appreciated. It only takes a moment to print & postmark the attached form with your contribution on December 31st.
